

## 3rd International Conference on Information Systems Security (ICISS 2007)

16-20 December 2007 • *University of Delhi, Delhi, India*

<http://siis.cse.psu.edu/iciss07>

In collaboration with:

Center for Secure Information Systems, George Mason University, USA.  
Systems and Internet Infrastructure Security Laboratory, Penn State University, USA

### Patron

Deepak Pental,  
Vice-Chancellor, University of Delhi

### General Chair

N. Vijayaditya, Director General, CERT

### Advisory Committee

Chair-Sushil Jajodia, George Mason University

### Program Co-chairs

S K Gupta, IIT Delhi  
Patrick McDaniel, Penn State University

### Submissions/Website Chair

Kevin Butler, Penn State University

### Invited Talks Chair

Indrakshi Ray, Colorado State University

### Tutorial Co-chairs

Vijay Atluri, Rutgers University  
Arun K Pujari, University of Hyderabad

### Panel Chair

R K Datta, IT consultant

### Publications/Proceedings Chair

Vasudha Bhatnagar, University of Delhi

### Publicity Chairs

Chandan Majumdar, Jadavpur University  
Marina Blanton, Purdue University

### Organizing Chair

Naveen Kumar, University of Delhi

### Finance Chair

Shri Kant, DRDO

### Sponsorship Chair

Anuj Khare, Appin Systems

### Registration Co-Chairs

Sameep Mehta, IBM IRL  
DVLN Somayajulu, NIT Warangal

### Local Arrangements

R K Agrawal, Jawaharlal Nehru University

### Technical Arrangements

Shobhit Mahajan, University of Delhi

## CALL FOR PAPERS

After the successful organization of ICISS 2006 at the Indian Statistical Institute, Kolkata, India, the 3rd conference will be organized by the University of Delhi. The acceptance ratio of the first two conferences has averaged less than 30%, and the proceedings have been published as part of the Springer Verlag series of Lecture Notes in Computer Science. ICISS presents a forum for disseminating the latest research results in Information Systems Security and related areas. Topics of interest include but are not limited to:

- Authentication and Access Control
- Mobile Code Security
- Key Management and Cryptographic Protocols
- E-Business / E-Commerce Security
- Privacy and Anonymity
- Intrusion Detection and Avoidance
- Security Verification
- Network Security
- Database and Application security & Integrity
- Digital Rights Management
- Security in P2P, Sensor and Ad Hoc Networks
- Digital Forensics
- Biometric Security
- Secure Web Services
- Fault Tolerance and Recovery Methods for Security Infrastructure
- Threats, Vulnerabilities and Risk Management
- Commercial and Industrial Security

**Paper Submission** - Papers should at most be of 15 pages including the bibliography and well-marked appendices. Reviewers may not read the appendices, so the paper should be intelligible without them. Submission instructions will be posted at the conference web site later. One of the authors of an accepted paper must register for the conference to present the paper.

All papers and research reports should be formatted using Lecture Notes in Computer Science (LNCS) style. Paper submissions will be electronic only. Only PDF files will be accepted. Please do not submit MS Word documents. Formatting guide and style sheets (for both LaTeX and MS Word) are available from the Springer LNCS site. Camera-Ready manuscripts must be submitted in LaTeX.

**Dual Submission Policy** - Submitted papers must not substantially overlap with papers published or currently submitted to a journal or a conference with proceedings.

**Ongoing Research Reports** - There will be two sessions to present reports on the current research projects. One session will be for academic institutions and the other for industrial establishments. The research reports should be submitted in the same way as the technical papers. A report should be a maximum of 4 pages.

**Tutorial Proposals** - There will be tutorial program for two days (16-17 December 2007). At most four three-hour tutorials will be offered. Proposals are invited for tutorials of duration three hours on relevant topics of current interest. A tutorial proposal should include the extended abstract of the tutorial and a brief biography of the speaker(s). Please mail your proposal to the Tutorial Chair. The speaker(s) of the accepted proposals need to submit their final presentation one month before the conference to the Tutorial Chair.

**Proceedings** - Conference Proceedings will be published in the Springer LNCS series.

## IMPORTANT DATES

Manuscript Submission	25 May 2007
Tutorial Proposal Submission	20 July 2007
Notification of Acceptance	13 July 2007
Camera-Ready Manuscript	31 August 2007
